# COOKING APPLIANCES

---

Imagine being able to cook your favorite meals in your RV with the same precision and control as you would in your home kitchen. With InVision's gas ranges and range hoods, RVers can say goodbye to bland meals and hello to culinary excellence on the road. InVision's gas ranges offer high heat outputs, allowing RV chefs to cook a variety of meals quickly and efficiently. InVision's innovative range hoods are specifically designed for RVs, ensuring the cooking experience is not only enjoyable but also safe. Life on the road doesn't mean sacrificing the joy of cooking. With InVision's gas ranges and range hoods, RVers can have it all.

Digital controls ensure a precise, consistent interior temperature

Full cast iron grate is easy to clean, durable and stylish

Fold away glass lid provides a working surface when cook top is not in use

Oven temperature range from 350 - 500°F

3 burners allow for a wide range of dinner options

### 17" RANGE

Part Number	480-2730
Size (H x W x D)	16.7" x 21.5" x 22"
Burner BTU's	6500, 7100 and 8000
Oven Temp Range	350°-500°F
Interior Fan CFM	0.5
Power Req'd	12V
Amp Draw	0.8A
Weight	60 lbs.

### 21" RANGE

Part Number	480-2230
Size (H x W x D)	20.7" x 21.5" x 22"
Burner BTU's	6500, 7100 and 8000
Oven Temp Range	350°-500°F
Interior Fan CFM	0.5
Power Req'd	12V
Amp Draw	0.8A
Weight	67 lbs.

## RANGE HOODS

Two finishes to match the entire kitchen ensemble

Vented to remove smoke and cooking odors

Designed exclusively for Invision kitchen appliances

Fan CFM of 65 or 85

### VENTED

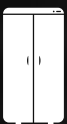

Part Number	280-2100 Black 280-4100 Stainless
Size (H x W x D)	4" x 22" x 17.65"
Voltage	12V
Amp Draw	0.8A
Weight	4.29 lbs.
Fan Speeds	2450r/min
CFM	80

### VENTLESS

Part Number	280-2300 Black 280-4300 Stainless
Size (H x W x D)	4" x 22" x 16.4"
Voltage	12V
Amp Draw	0.8A
Weight	4.16 lbs.
Fan Speeds	2450r/min
CFM	65

# REFRIGERATION

Maximize a range of RV kitchen layouts with refrigeration units from InVision. InVision refrigerators not only keep food fresh and cool, but they also match the aesthetic of an RV seamlessly. No more clashing appliances or compromising on style. With options like dual swing doors, residential sizes, and French door design; InVision refrigerators maximize accessibility and storage putting everything an RVer needs right at their fingertips. The spacious designs also eliminate the need to cram groceries into a tiny fridge or interrupt travels to constantly restock. With InVision, RV owners have ample space to stock up for those long road trips.

Size (H x W x D)	55.5" x 22.8" x 21.85"	
Voltage	DC 12V	
Rated Current	12	
Capacity	7.51 cu ft	
Fridge Temp Range	~39°F - ~45°F	
Freezer Temp Range	-4°F - 10.4°F	

# LAUNDRY

Revolutionize laundry day with InVision's line of washers and dryers designed specifically for the RV lifestyle. InVision's laundry solutions include a slim-fit stackable washer and dryer, a front load washer, and a front load dryer. With the front load system, RV owners enjoy the benefits of energy efficiency, easy loading, and superior cleaning power. With InVision's space-saving stackable design, RVers can maximize every inch of their interior living space, giving them the freedom to enjoy their travels without compromise. And with all InVision washers and dryers RV owners can enjoy whisper quiet operation and hassle-free laundry on the road.

FRONT LOAD DRYER

FRONT LOAD WASHER

# LAUNDRY

## STACKABLE WASHER & DRYER

Large 4.5 cu. ft. capacity means fewer loads and less time in the laundry room Space-saving design for flexible installation in any space

Quieter and efficient operation

ENERGY STAR Certified: Eco-friendly and energy efficient

Stacking hardware is included

### FRONT LOAD WASHER

Steam Cycle – A powerful tool for stain removal that is still gentle on your clothes.

Cold Wash – Reduce color fade and shrinkage without losing cleaning efficiency with the energy saving cold wash cycle.

Sanitize Cycle – Rid clothes of allergens and bacteria with the cleansing power of the sanitize cycle.

Brushless Inverter Motor – Optimal performance with minimal noise thanks to a brushless inverter motor; backed by a 10-year warranty.

### FRONT LOAD DRYER

Small Outside, Big Inside – Largest internal capacity available in a standard 24" width

16 Dry Cycles – Optimize drying with a choice of 16 cycles to match your load: jeans, towels, active wear, mixed load, my cycle, and more.

Save Energy and Money – This ENERGY STAR® certified dryer comes equipped with Sensor Technology to automatically stop the dryer when the load is dry.
